Key Resources

	Key Questions
What is a concept map?	A concept map is a pictorial way of showing relationships between concepts and ideas. A concept map allows you to show information, pictures and links to support an idea or concept.
How is information arranged on a concept map?	On a concept map ideas or concepts are organised into nodes which are linked together with lines to show how the concepts and ideas link together.
How does a concept map help share ideas?	A concept map in 2Connect allows many users to contribute to the map which means that ideas or concepts can be quickly amended or additional information provided.
