

Year 4

Spellings- 10:

occasion, occasionally, occasional, probably, probable, consider, considered, considerable, considerate.

Spellings – 7:

again, behind, because, busy, could, would, should.

Dear Parents,

Our nativity singing rehearsals are under way and I am sure the children will be coming home singing the songs already. You will definitely recognise the tunes once we have finished.

This week, the children completed their learning for the term on finding the perimeter of rectilinear shapes. They were able to find missing measurements of a shape and then solve the perimeter by using different strategies to add lots of single (and some double) digit numbers. The children also completed an arithmetic assessment. I was very pleased with their answers and how they have all developed some fabulous written methods to support their problem solving.

The children used their home learning to complete a report this week about their chosen topic. At the start of the week, the children continued their research by taking relevant books from the library to help them to find lots more interesting facts. They then completed a planning sheet; this was to enable them to structure their report writing. It was great to see them remembering to use headings, sub-headings, factual information and some of them completed a glossary of words where appropriate.

I am looking forward to completing some interesting activities with the children on our Roman day. I am sure I will have lots of pictures to put on next week's newsletter. A reminder that they do not have to wear a costume, but will need to wear their school uniform if they don't.

We will be going out to Woodland learning on Tuesday 23rd November to make up for our missed one on Monday when we have our Roman extravaganza.

With thanks,

Mrs Ward and Mrs Vennart
