

Year 4

Spellings:

Keep practising those homophones such as:

There, they're, their, hear, here, wait, weight, sun, son, to, too, through, threw, bare, bear etc

Can you find any others?

Dear Parents,

Woodland learning was great fun this week; you have some very imaginative and creative children (see pictures below.) They particularly loved roasting apples in brown sugar over the fire (thanks to Mr Gillespie for keeping that alight!) Also, thanks to Mrs York for ensuring all tree climbing and creative endeavours were done safely! It makes a huge difference to have parents there and the children love it too!

This week, the children have been busy completing some assessments in maths and English. They were very relaxed about them and it is great to see how they have got into the habit of checking their answers. The children have all worked very hard and are definitely in need of a break.

Over the holidays, I would really like the children to complete a project about the country Italy. It is our topic for the next two terms and it would be great for them to find out what Italy is famous for. This can be in any format and the children will 'show and tell' their findings during the first couple of weeks back in April.

As we head into the (hopefully) warmer months, the children will be spending more time outside, please don't forget to ensure they have sunscreen on and a bottle of water with them in school.

I wish you all a great couple of weeks and hope that the sun shines for you.

Mrs Ward and Mrs Venart
