

Year 4

Spellings (10):

Everywhere, anything, anyone,
anywhere, everyone, everything,
answered, doesn't, does, know.

(7) Know, no, now, near, here, hear,
does.

Dear Parents,

This week has been so much fun and the particularly gorgeous weather has enabled us to spend lots of time outside.

Thank you for sponsoring your children to do the colour run; they completed so many circuits of the obstacle course and thoroughly enjoyed getting covered in colour after each one. I think the adults also enjoyed this, as I was washing purple out of my hair later that evening.

Maths was challenging this week, as the children have moved onto converting hundredths and tenths from fractions into decimals and vice versa. They will continue to learn about decimals for the last week of term and will become more confident with them as they do.

In English this week, we focused on specific SPaG lessons, including playing a prefixes and suffixes game. The children were having so much fun during this session that we continued for longer than planned. Some of the words they were providing during the game were of a very high level and I was super impressed! Later in the week, they read a poem by David Windle about a dragonfly and were able to complete some comprehension challenges around the text.

In music this week, the children continued to learn to play the Ocarinas. They are fantastic at playing 'Twinkle, Twinkle' now, but need a lot more work on 'Kumbaya!'

Don't forget they have Woodland Learning on Monday. We are hoping to use the fire as we luckily have a couple of helpers.

Have a great weekend,

Mrs Ward and Mrs Vennart
