

Year 4

Spellings: (For all children)  
witch, which, where, were,  
though, thought, beautiful,  
thing, think, lived, live, living,  
life.

Dear Parents,

Woodland learning was great fun this week; the children learnt about aqueducts and what they were used for. After this, they went into the woods and built some of their own to carry water from the stream.

In maths this week, the children were learning the different ways they can solve division problems. We thought about arrays and how these can help them to see the process of division and then thought about how, for some problems, they can use their times tables knowledge. After this, they looked at moving numbers one place to the right of the decimal point when dividing by 10 or two when dividing by 100.

In English this week, the children were learning about personification and how to use this when describing an object. They looked at a variety of pictures and had to bring them to life with the use of personification; they really enjoyed this activity and came up with some brilliant words. Our similes game was the fun activity of the week. I gave the children some nouns and they had to liken them to something else using a simile; this became hilarious, especially when one child used the phrase 'as wrinkly as a dehydrated dog!'

The spellings this week are a mix of words that I have noticed being spelt incorrectly in the children's English books. I like to re-cap these when I see this happening a lot.

For our Christmas Concert this year, Year 4 will need to wear Christmas themed jumpers for their performance. Please ensure that the children bring their jumpers into school in a bag on Thursday 9th December and Friday 10th December. Thank you very much for your support.

It was great to meet so many of you at parents evening this week, I hope you were pleased to hear all about your child's progress.

With thanks,

Mrs Ward and Mrs Vennart
