

Year 4

Dear Parents,

As the weather gets colder and due to the ongoing concerns with Covid19, we will continue to keep the classroom as aired as possible. Please ensure that your child is wearing the appropriate clothing to ensure that they remain warm; this could be by adding a vest under their top, making sure they are wearing tights with their skirts, or trousers instead of shorts.

In maths this week, the children have been focusing on multiplication and they learnt some new written methods and strategies to support this. By the end of the week, they all had a secure written method to take forward as we move onto thinking about division written methods and how to use an inversion operation to check our answers.

This week has been busy with Nativity practice. During English sessions, the children have been able to choose a story genre of their choice and write a descriptive and interesting start to the story. Their stories have been fun to read and I have enjoyed seeing the ideas they came up with independently. If the children found it hard to think of an idea, there were some pictures on the board for them to use involving a variety of doors that could lead to anywhere they liked.

For our last session learning about the Romans, the children gathered information about some famous Roman Emperors. They focused on Nero and some of his crazy antics. The children really enjoyed this and as always loved listening to the Horrible Histories 'Evil Emperor' rap.

There will be no spellings or times tables next week, as the children will have a busy week and may be quite tired.

Thank you, Mrs Ward and Mrs Vennart
