

# Year 6 news

Term 5, Week 4

A snapshot of our week

Stars of the week

A huge **WELL DONE** goes out to all the children, as they coped so well with the SATs this week. They took it all in their stride and focused really well. We are very proud of them all.

## Geography:

In geography, the children found out why rivers are important - to transport, to people, to habitats, to farming and for energy. The children were asked to consider which use for a river is most important. They also considered what would happen if we did not have rivers.

## Italian:

In Italian, the children researched information about the planets - they then wrote about them in Italian. They included things like: the temperature of the planet, the distance from the sun and their moons.

## PE:

The children practised their cricket skills this week. Mrs Vennart put them through their paces with lots of warm-up activities and games. They also played a diamond cricket game, which the children really enjoyed!

## DT day

## Dates for your diary:

Tuesday 17<sup>th</sup> May - Woodland Learning

Friday 20<sup>th</sup> May at 2.30pm - Year 6 Act of Worship to parents

Friday 27<sup>th</sup> May - Woodland Learning
