

## Mathematics

### Addition and Subtraction:

We will be moving onto Place Value within 20 and using this knowledge to move on to addition and subtraction within 20. First, we will be learning to add by counting on and finding and making number bonds before moving on to adding by making 10, subtraction crossing over 10, related facts and comparing number sentences.

### Shape, Space and Measure:

Weight and volume – we will introduce weight and mass, measure mass, compare mass, introduce capacity and volume, measure capacity and compare capacity. Measuring and comparing activities are brought to life using real examples that will develop children's understanding of the world around them.

## RE

In RE this term our big question will be 'What good news did Jesus bring?' We are first going to learn how Jesus shared the good news through his 12 disciples. Then we will be focussing on these questions to help us find the answers to our 'big question': Is everyone was Jesus' friend, Is God forgiving? What stops us from finding peace? How can God help us find peace? What is the good news that Jesus brings?

## Italian

We will learn new vocabulary relating to families, as well as revising greetings. We will also look at photos of Italy to learn a little more about the country!

# Year 1 Term Three Fairy Tales Everyday Materials

## Science

We will learn that there is a difference between an object and the material it is made of. We will also learn that the properties of materials can be described. We will move on to identify and group objects made from wood, plastic, glass, metal and rock.

## PSHE

This term we will be focussing on our dreams and goals. We will be learning about goal-setting, aspirations for ourselves and the world and working together.

## Music

This term's music topic is called **In The Groove**. **In the Groove** is a song that was specially written for classroom use to teach children about different styles of music. This is a very easy song to learn and has been arranged in six different styles; Blues, Baroque, Latin, Bhangra, Folk and Funk. Each week we will listen and learn a different style of In The Groove.

## English

In SPAG this term we are learning about singular nouns; past and present verbs; suffixes; capital letters and writing sentences.

We will also be learning about Fairy Tales! We are focussing on the story of a mischievous biscuit! Have you guessed yet? We are looking at the Gingerbread Man using Talk 4 Writing to help us learn the story and then write our own version.

## PE

In PE this term we will be focussing on circuits. This is designed to build the overall fitness of the children through a circuit of eight activities, each of which is based on a different skill to practice. We are going to learn how to change the speed of travel to go round an obstacle; perform a jump, landing on one foot; hop and jump a short distance to complete a circuit activity; talk about how they feel after exercise.

## Geography

We are going to be learning about the Seaside and Coast. First, we will be locating and identifying oceans and continents. Then will find out about British beaches; use fieldwork skills to find out about a place; compare a British beach with one from another country; and use compass points to move around a map.
