School supplementary information form required

Admissions Arrangements – Reception Class

The number of pupils admitted to the Reception class in each academic year is determined by agreement with the Area Education Authority and with regard to the school's facilities.

The admissions limit in the Reception Class for academic year 2021-22 is 30 pupils.

Over-subscription criteria

Where there are more applications than places, the Governors first allocate places in the following order of priority without reference to academic ability or the period of time on the school's enrolment register. These criteria and the definitions of each category have been revised to reflect good practice as defined in the School Admissions Code (2012).

1. Looked After Children / Children in Local Authority Care.

A child under the age of 18 years for whom the Local Authority provides accommodation by agreement with their parents/carer (Section 22 of the Children Act 1989) or who is subject of a care order under Part IV of the Act. This criterion extends to adopted children who were previously in care.

2. Baptised children whose parents live in the civil parish of Leybourne and are at the heart of the worshipping community, worshipping at least three times per month and who are involved in the wider social and organisational life of the Church for at least two years at the time of application. The wider social and organisational life of the Church includes bible study groups and/or other activities of the church of Ss Peter and Paul Church Leybourne. It must be noted that attendance at Sunday Club by both parents on a Sunday does not constitute "worship". All applications under this criterion must be accompanied by a reference written by the Parish priest, or in his / her absence by a Church Warden. (From September 2017, should a family move into Leybourne during this two year period, a reference from the Parish priest of their previous Parish, based on the same criteria, is expected.)

3. Children who will, at the time of admission, have a brother or sister in the school. This applies where the family continue to live at the same address as when the sibling was admitted. For children admitted from September 2013 onwards it must be noted that if they move house before an application for a place for a younger sibling is made, the new property where the child spends the majority of the school nights must be within two miles of the school, or nearer to the school than the previous property as defined by the distance measurement criterion, in order for this link to be maintained.

Documentary proof of the main residence for the child will be required for school places offered under this category to be confirmed. In this context brother or sister means children who live as brother or sister in the same house, including natural brother and sisters, adopted siblings, stepbrothers or sisters and foster brothers and sisters.

4. Children whose parents live in the civil parish of Leybourne measured by straight line distance from the school, with those living nearer having priority. (The distance is measured between the child's permanent address and the school measured in a straight line using the National Land and Property Gazetteer (NLPG) address point data. Distances are measured from a central point within the child's home to a similarly defined point within the school as specified by the National Land and Property Gazetteer (NLPG). The school uses measurements provided by the LA and further information on how distances are calculated is available in the Admissions booklets provided by the LA).

5. Children who will have, at the time of admission, a parent working as a teacher in the school. A teacher must have been employed at the school for two or more years at the time the application for admission is made and/or is recruited to fill a vacant post for which there is a demonstrable skill shortage.

6. Baptised children whose parents live outside the civil parish of Leybourne and are at the heart of the worshipping community in another Church of England parish, worshipping at least three times per month and who are involved in the wider social and organisational life of the Church of England for at least two years at the time of application. The wider social and organisational life of the Church includes bible study groups and/or other activities of the Church of England. All applications under this criterion must be accompanied by a reference written by the Parish priest, or in his / her absence by a Church Warden.

7. Children whose parents live outside the civil parish of Leybourne measured by straight line distance from the school, with those living nearer having priority (The distance is measured between the child's permanent address and the school measured in a straight line using the National Land and Property Gazetteer (NLPG) address point data. Distances are measured from a central point within the child's home to a similarly defined point within the school as specified by the National Land and Property Gazetteer (NLPG). The school uses measurements provided by the LA and further information on how distances are calculated is available in the Admissions booklets provided by the LA).

In the unlikely event that two or more children live at the same distance from the school and in all other ways have equal eligibility for the last available place at the school, then the names will be issued a number and drawn randomly to decide which child is given the place.

Any child with an Education Health and Care Plan (EHCP) naming the school will be given priority for admission. If there is a parent of a child with such a plan applying there will only be 29 places determined by the over subscription criteria.

The school follows the admissions procedure established by the Local Authority (LA). Applications for Year R admission are made on the Kent LA Common Application Form. In addition, if applying for a church place, parents will need to complete the school's own admissions form available from the school office. Applications for admission to Reception class in 2021-22 are to be returned in accordance with the guidance and dates published by the LA. The LA will notify parents on the outcome of their application for admission.

If you believe the Governors have made an error in applying the over-subscription criteria with regard to your application you have a right to appeal. In the first instance you should contact the Admissions Clerk in the School Office who will provide you with advice on the procedure to be followed.

1. Admission to School

There is one intake for children starting school in the Reception Class, with all children whose birthdays fall between 1st September and 31st August being admitted in September. Entry is staggered for the first two weeks with the children divided into two groups according to age. The younger children will attend in the mornings and the older children in the afternoons. All children will be in school full time by 20th September 2021. Parents and children will be invited to attend an introduction afternoon in the term preceding entry to Reception Class. Children remain at the school until they have completed the academic year in which they reach the age 11.

2. Older Children and Casual Vacancies

Admissions of older children, casual vacancies and late applications to Reception will be considered on a case by case basis in accordance with the above criteria. A place will only be offered if the Planned Admission Number for the relevant age group has not been reached.

3. Waiting List

The school operates a waiting list for available places. For a child to remain on the waiting list, and to renew interest, parents need to telephone or e-mail the school in the first week of each new term. If a place becomes available the school will work through the waiting list applying the over-subscription criteria. You should inform the school of any change in your circumstances, e.g. change of address, which might affect your position on the waiting list.
